

keg caps (tamper evident)

Categories: [Brewing](#), [Consumable](#), [Kegs](#), [Packaging](#), [Process](#), [Soft drinks equipment](#), [Various](#)

Product Short Description :

We now sale tamper evident plastic closures for kegs.

Keg caps are necessary to keep debris out of the valve and keep the product undisturbed during travel.

A signature color, custom stamped or printed cap will also make your kegs stand out to others

Our keg caps fit all types of extractor tubes : sankey spears, « A » type spears, triangular spears

Benefits of our keg caps:

- Can be placed manually or with an automatic capper on the extractor tube
- Protects against dust
- Sealing function
- Easy to open
- Can be personalized with your logo
